Tall Oaks from Little Acorns Grow

- Year 6 Activity Week
- Oakfest
- Pine Class

## Newsletter - June 2023 Issue 3

# Headteacher's Message

This week has been full of school trips by Year 4 and year 6. Year 6 have had their activities week visiting the Natural History Museum, Essa Water Sports Centre and Cuffley Camp. Year 4 have also been at Tolmers for 3 days which they have thoroughly enjoyed.

I also wanted to update you about staff who will be leaving at the end of the year. Mr Hawes will be leaving us to explore new horizons and will be working with young adults with special needs. Miss Flint is leaving to work in another school and will be exploring new opportunities. Miss Thomas will be leaving us as she is moving to a new area and the commute to Potters Bar will not be possible. And lastly, Miss Clarke will be leaving us to train as a teacher. I am sure you will join me in wishing them well next year.

## Year 6 Activity Week

Year 6 went to The Natural History Museum this week. They had a wonderful time and enjoyed their workshop on evolution. They saw a range of specimens from various segments of natural history. On Wednesday, they went to ESSA at Broxbourne. In the morning, they were split into smaller groups to build their own rafts. These were put to the test with much success! Later the children had a go at Kayaking and Paddleboarding.

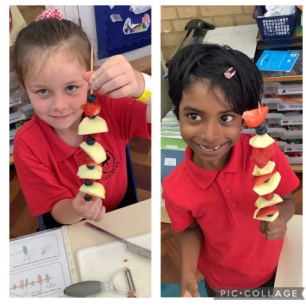

## OAKFEST & PICNIC 10th JULY

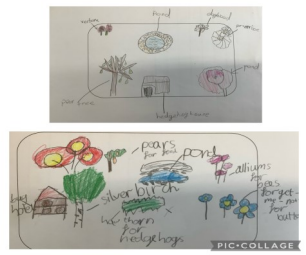

Oakfest will return on 10th July. This is a fun day filled with music and dance. In the morning each class will have a workshop on either ukulele, dance, drumming or singing. At 2.30pm we invite parents to see what they have learnt during a concert.

We will also be having a picnic lunch which parents are welcome to attend—see the letter sent out on 29th June for more details.

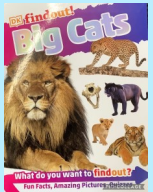

## CLASSROOM SPOTLIGHT—PINE

We have been making smoothies and fruit kebabs in our DT lessons. First, we tasted different fruits and smoothies to find out which ones we would like to use in our designs. We practised safely peeling and chopping an apple with a peeler and a knife. We enjoyed making our designs come to life and eating them. Delicious!

In Science we have been learning about how animals are adapted to the environment where they live. We designed a garden we could have at school and decided which plants and animals would like to live there. We tried to include lots of different habitats for different creatures and some food and water for them too.

In English we have been working hard to research and write about Big Cats. We have learnt so many interesting facts and have written non-chronological reports about them.

We have places at Oakmere Primary School Nursery for Sep 23

We offer excellent indoor and outdoor facilities

We have access to a woods just outside of the school

We have lots of space for your children to flourish

We make our learning fun and accessible for all

Contact the office on 01707 656963 or email [admin@oakmere.herts.sch.uk](mailto:admin@oakmere.herts.sch.uk) for an admissions pack.
