

RE- Intent, Implementation and Impact

Intent

Our RE lessons are intended to offer a broad and rich RE curriculum to allow for coverage of the areas prescribed; to allow for a variety of ways to explore religions, their community and personal development and wellbeing. The lessons have an intention of providing a high quality, coherent and progressive experience of the subject.

Through each unit, children will know about and understand a range of religions and world views. They will be able to identify, investigate and respond to a variety of issues. There are opportunities for children to develop positive attitudes and values and to reflect on and relate their learning in RE to their own experiences.

The intent is to make sure that children understand the relevance of RE in today's modern world and how it affects our lives.

Implementation

We have the Hertfordshire Agreed Syllabus to offer a broad range of study for children studying RE.

Through the use of PlanBee RE, from Reception to Year 6 pupils will:

- follow a coherent and systematic study of the principal religion of Christianity across each key stage
- be introduced to the other principal religions represented in Great Britain by the end of key stage 2

EYFS	Children will encounter Christianity and religions and beliefs represented in the class, school or local community . Religious Education will support a growing sense of the child's awareness of self, their own community and their place within this
Years 1 and 2	A minimum of two religions are studied. Christianity and at least one other religion. Our focus is on Judaism and Islam but will also include Hinduism and Sikhism .
Years 3 and 4	A minimum of four religions are studied. Christianity and Hinduism, Judaism, Islam and Sikhism are studied in more depth.
Years 5 and 6	A minimum of four religions are studied. Christianity and Hinduism, Judaism, Islam and Sikhism are studied in more depth. Buddhism is introduced and studied.

Impact

- We believe that the impact of the Hertfordshire Agreed Syllabus will be for children to have a better understanding of the religions that make up the UK landscape and how they can learn from and work alongside each other to create community cohesion.
- All children will be more informed about their position in the world, and the decisions they can make, impacting their future. All children in school will be able to talk confidently about their wellbeing, moral and cultural development for the society in which they live.
- The RE curriculum will promote inquisitive minds, respect, tolerance and understanding for all those around them including themselves. Lessons enable high quality work to be produced and evidenced, showcasing an understanding of the main religions of the world, their community and their future. This evidence will be seen through using the correct vocabulary, explanations and respectful opinions. Impact will be seen by all teachers and children enjoying the experience of teaching and learning RE and understanding how it can help them in their future.
